

Integrity uses high-quality evidence and learning to help governments, the private sector and the international community succeed in complex and challenging contexts, providing trusted advice and enabling change for a sustainable future.

EAST AFRICA

Our local expertise strengthens our East Africa offer

Local delivery since **2011**

Nairobi hub established **2013**

80+ projects delivered

46 Corporate and project staff

1,500+ Experienced consultants

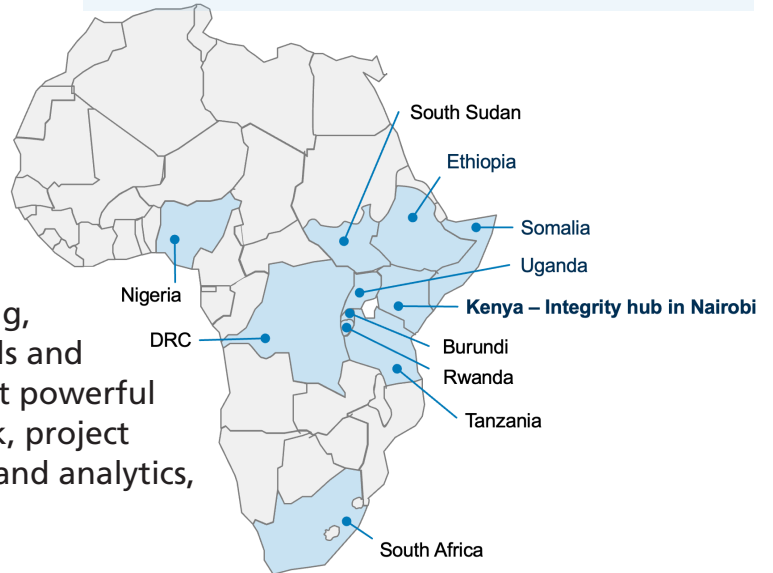

Integrity has been working continuously in East Africa since 2011, supported by our permanent regional hub in Nairobi, Kenya.

We have delivered more than 80 projects, and have built deep relationships with our local partners and networks. Our office in Nairobi is well located for meeting with clients and partners, as well as for managing projects across the region. We currently support activities in Kenya, Somalia, South Sudan, Uganda, and beyond.

We combine data science, evaluative thinking, and research skills with tried-and-tested tools and methods. Our Data Analytics team have built powerful internal business intelligence systems for risk, project and knowledge management, automation, and analytics, tailored to working in the region.

Live and recent projects in East Africa

Peacebuilding Evaluation, Analysis, Research, and Learning (PEARL) USAID / Bureau for Conflict Prevention and Stabilization 2022 – 2026

✓ USAID / Uganda Securing Peace and Promoting Prosperity in Karamoja (ESKIL) Activity Evaluation, September 2023 – present: Integrity is conducting a final evaluation of ESKIL, the Mission's flagship peacebuilding activity in the Karamoja region. Findings are intended to inform political violence and social cohesion programming, as well as contribute to the evidence base for conflict-sensitive development.

✓ USAID / Kenya and East Africa Violence and Conflict Assessment, April 2023 – February 2024: Integrity conducted a Violence and Conflict Assessment (VCA) for USAID / Kenya and East Africa examining the relationship between natural resource management, environmental security, and conflict dynamics. The VCA aimed to prevent violence and promote peace in northern Kenya by identifying opportunities to mitigate conflict over natural resources and respond to climate-related challenges across the Mission's portfolio.

Monitoring, Evaluation, and Learning Support Activity (MELS) USAID / South Sudan 2021 – 2026

✓ We support implementation of USAID / South Sudan's Strategic Framework through tailored monitoring and evaluation services to enhance Mission programmes. In a dynamic operating environment, our flexible, demand-driven technical, analytic, and advisory support strengthens collaboration, learning, and adapting.

Rapid Evaluation of FCDO's Better Regional Migration Management Programme (BRMM) FCDO Kenya and Ethiopia 2022 – 2023

✓ We delivered a rapid evaluation of the BRMM programme to enable learning about the potential and effectiveness of interventions, and their relevance in making migration more productive in East Africa and Horn of Africa (EHOA). The evaluation covered International Labour Organization (ILO) and International Organization for Migration (IOM) programme activities in Ethiopia and Kenya. Interviews were conducted with key stakeholders in government organisations and civil society, and a number of case studies were prepared.

Somalia Monitoring and Learning Program II USAID / Bureau for Humanitarian Assistance 2022 – 2027

✓ We give continuous feedback to BHA, implementing partners, and other key stakeholders on project and activity progress, support rapid decision making, and facilitate ongoing learning and adaptation. Central to our approach is a comprehensive learning system to ensure monitoring becomes a tool for adaptive management and implementing partner capacity building.

More live and completed projects
